SKILLUNTEER™ PROGRAM

Invest in Your Employees While Doing Good

CORPORATE SKILLUNTEER™ PROGRAM

Working for Women's curated employee volunteer programs are designed to support women from marginalized communities, supersize the impact of our nonprofit partners and create growth opportunities for companies and their employees. When you invest in a Skillunteer™ Program, you invest in your employees while helping women enter and stay in the workforce.

FIND THE SKILLUNTEER™ OPPORTUNITY RIGHT FOR YOUR TEAM

IMMERSIVE WORKSHOPS

Immersive Workshops provide education and training that help women build knowledge and skills that help them enter and stay in the workforce.

Your team develops a workshop on a topic identified by our nonprofit partners. Sample topics include negotiation, career development, communication skills and marketing.

MENTORING PROGRAM

Mentoring programs provides women access to professional advice, support and role models in a curated mentorship setting.

Your employees carry out one-to-one mentoring with women whose goal it is to enter and stay in the workforce.

CONSULTING PROJECT

Consulting Projects help non-profits level up their services and multiply their impact while providing experiential leadership development opportunities for Skillunteers.

Our most involved type of Skillunteer project, a team of employees from your company work with a nonprofit on a specific project for a couple of hours per week for 2-4 months.

"Our partnership with Working for Women is by far the best partnership I have ever experienced during 30 years of social justice work. This is due to their thoughtfully and strategically building for-profit and nonprofit partnerships that deeply benefit everyone."
-Diane Cornman-Levy, Women's Way
